

MAXIMOTO 20W-50

Four-Stroke Motorcycle Oil

Description

Engine oil produced for four-stroke motorcycles and includes high performance additives. Reduces viscosity changes at high temperatures by its high technology additives.

Applications

Used for four-stroke and high performance motorcycles.

Benefits

- Provides excellent engine performance in air-cooled and water-cooled engines.
- Provides high engine power by reducing internal motor friction.
- Prevents oil film break down at high temperatures by its high viscosity index.
- Keeps the engine clean by reducing sludge formation.

Performance

API SG/CF
